

Planning for the Future!

The Board of Education of School District No. 51 (Boundary) will be meeting in a retreat session at the School Board offices in Grand Forks on March 11 & 12, 2009. At this retreat the board will focus on items related to School District governance and the preparations necessary to develop a three-year strategic plan for the district. This strategic plan will focus on the future needs of the district's students. As a matter of priority, the board will be asking the community to contribute to the development of this plan through a broad community consultation process that will take place later this spring. More information will be provided on this in the next four to six weeks.
